(I've had) The time of my life (Bill Medley & Jennifer Warnes)
    Now I've
                   had the time of my life, no, I never felt like this be-fore
                                                                                       E
     Yes, I swear it's the truth, and I owe it all to you. 'Cause I've
                                     D6
     had the time of my life, and I owe it all to you ou.
I've been waiting for so long, now I've finally found someone to stand by me
                                                                                      C#m7
We saw the writing on the wall, so we felt this magical fan-tasy
                                                                               %
Now with passion in our eyes, there's no way we could disguise it se-cretly
                                                                                %
So we take each other's hand, 'cause we seem to understand the ur-gen-cy_
                                                                                       D
Pre - Refrain:
                          you're the one thing
                                                   I can't get e-nough of!
         Just remember,
                                        Bsus4
           So I'll tell you something,
                                           this could be love be-cause..
                                                                                       D<sub>6</sub>
